

HELICOPTER

FLIGHT EXPERIENCES

MALAGA

[KNOW OUR FLEET](#) | [+ INFO](#) | [BOOK IN ADVANCE HERE](#)

DO YOU WANT TO EXPERIENCE WHAT IT FEELS LIKE TO BE A HELICOPTER PILOT?

World Aviation Flight Academy gives you the chance to live an unforgettable experience. After arriving at our base and visiting the airfield, you will attend a **theoretical instruction session** on the principles of flight, the effects of flight controls and the procedure inside the cabin. This part lasts 30 minutes.

Once the theoretical training is finished, we will go on to **practice** by carrying out a pre-flight check followed by a **flight session** of between 30 and 60 minutes, as appropriate, during which you will have the opportunity to **pilot the aircraft**, always under the close supervision of a qualified flight instructor.

Without a doubt, a unique experience that you will always remember plus you will get to enjoy privileged aerial views!

State-of-the-art aircrafts

You will be able to choose out of a modern fleet of planes and helicopters.

Experienced Instructors

You will fly under the supervision of instructors with years of experience in helicopter piloting.

Madrid & Málaga

You will enjoy the experience at any of our centres located in Madrid and Malaga.
