PBN A320 PROGRAM

This WA Flight Academy program is created to offer a course for those pilots who need PBN certification and thus update their licenses according to the new regulations.

The PBN Course is an essential requirement for all instrumental qualifications (IR) from 2020, which must therefore be supported by a Certification in PBN (Performance Based Navigation) Approaches, through the completion of the course in an authorized ATO.

PBN-based navigation is the most practical solution for regulating new navigation system technology.

ENTRY REQUIREMENTS

- EASA commercial pilot license with ME + IR rating.
- ICAO Level 4 English Certificate.
- Class 1 Medical Certificate.

THEORETICAL PHASE

The PBN theoretical program consists of 8 hours, focusing especially on identifying flight procedures associated with PBN navigation, different associated systems, sensors and functionalities that will guarantee to reach the required level to take the exam, always under our premise of professional excellence.

FASE SIMULADOR

- 1 FFS Level D A320 simulator session.

This session consists of 1 hour per student of the FFS A320 simulator, where all the mandatory approaches will be carried out according to the regulations to obtain the PBN certificate and be able to attach it to the license of each pilot.

INFORMACIÓN ADICIONAL

Special attention will be paid to the briefing, and de-briefing where the flight profile and the objectives of this session are carefully prepared. All the necessary

considerations will be taken by the instructor regarding the learning objectives and competencies.

TRI/TRE con dilatada experiencia en líneas aéreas.

FFS A-A320 Level D en modo FBS y FFS.

Proporcionamos todo el material de estudio y contenidos necesarios.

PRICING

Program for 2 pilots: € 770 / student.

Program for 1 pilot: € 935 / student.
